Account Information

Typically, creditors report any changes made to your account information monthly. This means that some accounts listed below may not reflect the most recent activity until the creditor's next reporting. This information may include things such as balances, payments, dates, remarks, ratings, etc. The key(s) below are provided to help you understand some of the account information that could be reported. Pay Status represents the current status of accounts and indicates how you are currently paying. For accounts that have been paid and closed, sold, or transferred, Pay Status represents the last reported status of the account.

Rating Key

Some creditors report the timeliness of your payments each month in relation to your agreement with them. The ratings in the key below describe the payments that may be reported by your creditors. Any rating that is shaded indicates that it is considered adverse. Please note: Some but not all of these ratings may be present in your credit report.

Remark Key

Additionally, some creditors may notate your account with comments each month. We refer to these creditor comments as "Remarks". The key below gives the descriptions of the abbreviated remarks contained in your credit file. Any remark containing brackets >< indicates that this remark is considered adverse.
